

INCLEMENT WEATHER AND EMERGENCY PROCEDURES

INCLEMENT WEATHER

- If school is cancelled or dismissed early during the day for an unscheduled reason (i.e. severe weather, plumbing issues, natural disaster, etc.) there will be no Kids Club for that day.
- If the school district cancels afterschool programs, there will be no Kids Club on that day.
- If there is a delayed opening, there will not be morning care on that day.
- The school is responsible for notifying you of any cancellations and or early dismissal/delayed openings. **There are no credits or refunds for unscheduled closings.**

The YMCA reserves the right to close a Kids Club Site for the day if it deems necessary (ex. lack of electricity or heat in the school). You will be notified to pick up your child immediately if this should occur.

Parents will be notified via text message and primary email address provided at the time of registration.

EMERGENCY PROCEDURES

As per state policy, Kids Club is required to facilitate at least one fire drill per month and two lockdown drills per year. All drills will be conducted and documented for reference for the state of NJ office of licensing. We will do our best to avoid extremely cold or rainy days for fire drills, however, that is not always possible.
