HEALTHY LIVING PROGRAMS-REGISTRATION REQUIRED

Cardiac Care Maintenance: Designed to heart patients maintain the best possible cardiovascular health following a heart attack or other cardio procedures. Y membership and a signed clearance form from your doctor or rehab center is required before starting your maintenance program. Register in person only.

Enhance Fitness®: Enhance Fitness is a 16-week proven community-based senior fitness and arthritis management program. It helps older adults become more active, energized, and empowered for independent living. The program uses simple, easy-to-learn movements that motivate individuals (particularly those with arthritis) to stay active throughout their life. Each class session includes cardiovascular, strength training, balance, and flexibility exercises and the fostering of strong social relationships between participants.

Livestrong at the YMCA®: Cancer is a life-changing disease that takes a tremendous physical and emotional toll on those affected. Livestrong at the YMCA is a 12-week researched-based physical activity and well-being program designed to help adult cancer survivors reclaim their total health. Medical clearance required.

Livestrong for Life: This small group class is designed for the "Livestrong at the YMCA" graduate to continue their journey of health and wellness through exercise. This 10-week journey will offer a variety of total body workouts to help continue to build strength, balance and flexibility. This class will offer personalized attention in a group setting.

Strength and Longevity a Parkinson's journey:

Fitness program designed to empower those living with Parkinson's disease by optimizing their physical function and helping to delay the progression of symptoms. This wellness program is designed to retrain the mind and body. Come put the power back into your step!

ONE-STEP MS Program: In partnership with the National MS Society, the One-Step Program is a 7-week wellness course designed for adults medically diagnosed with MS. Participants are provided a comfortable and accessible environment to encourage therapeutic exercise addressing the issues of fatigue, mobility, weakness, and depression. Medical clearance required.

The YMCA'S Diabetes Prevention Program: This evidence-based program held over the course of one year (25 sessions) for individuals with prediabetes is approved by the CDC. Led by a trained Lifestyle Coach, learn how making small changes can reduce your risk of diabetes and help you lead a healthier life.

CARDIO

Cardio Step: Grab your leg warmers to join this high energy, heart pumping class using step choreography to keep you moving. Various intervals challenge your heart and tones the lower body. all fitness levels

Cycling: Emphasis on proper cycling technique while you control the intensity of this world-class workout. Arrive 30 minutes before class to pick up your reservation ticket and get your bike. All fitness levels

Forever Fit: Composed of simple aerobic movements, easy arm exercises, stretching and balance work, Forever Fit is a group training class that is easy on the muscle and joints. If you are looking for a fun group class that keeps you moving-without impactful or jarring actions- try Forever Fit. All fitness levels

SPIRIT-MIND-BODY

Balanced Body: Creating a practice of breath, body postures, movement sequences, and stretches that allow the body's physical systems to coordinate and work together. All fitness levels

Chair Yoga: This is the gentlest form of yoga; it is easier on your muscles, and is for people with high blood pressure, anxiety, chronic fatigue syndrome, arthritis, vertigo, multiple sclerosis, carpal tunnel syndrome, chronic pain, and those that find it difficult to get up and down from the floor. All fitness levels

Iyengar Yoga: Iyengar Yoga helps students develop strength and concentration, and correct body alignment by utilizing class props to adjust postures to individual needs. All fitness levels

Meditation: Discover the benefits of meditation, learn proper posture and breathing techniques, cultivate mindfulness and concentration, and enjoy guided sessions in this introductory meditation class. All fitness levels

Open level Yoga: Open yoga presents classical yoga teachings designed to bring together a mix of practitioners with varied skill levels, from beginners to more advanced. This gives you the option to modify if you need to or increase the intensity if that's what your body needs. All fitness levels

Power Yoga: Power yoga incorporates the athleticism of Ashtanga, including lots of vinyasas (series of poses done in sequence) but gives each teacher the flexibility to teach any poses in any order, making every class different, with its emphasis on strength and flexibility.

Sunrise Yoga: This class incorporates traditional sports stretching and focuses more on structure and balance. All fitness levels.

Total Mobility: The ability to move freely within your body not only helps you FEEL your best, but it can help alleviate chronic pain, reduce injuries, and improve overall performance. This low impact class will take you through a series of exercises to help you feel mobile and fluid and ready to start the day no matter which way you choose to go. All fitness levels.

Yoga: A fit and supple body is developed through the practice of postures (asanas). Taken from various Yoga disciplines, the asanas are taught with attention to correct positioning of the body so that each individual part as well as the various physiological systems can function to their best potential. All fitness levels

Yogalates: Blending the breath and flexibility training of yoga with the power and centering techniques of Pilates, Yogalates offers a workout that stretches and tones the body while relaxing the mind. All fitness levels
